

Insurance Europe is the European insurance and reinsurance federation. Through its 36 member bodies – the national insurance associations – it represents all types and sizes of insurance and reinsurance undertakings. Insurance Europe, which is based in Brussels, represents undertakings that account for around 95% of total European premium income. Insurance makes a major contribution to Europe’s economic growth and development. European insurers pay out almost €1 000bn annually – or €2.7bn a day – in claims, directly employ nearly 920 000 people and invest over €10.6trn in the economy.

For our economics and finance department, we are looking for a:

Actuarial intern

Function

In this role, you will support Insurance Europe’s economics and finance department in the area of prudential regulation:

- The intern will be considered as part of the team and given responsibilities up to his/her abilities
- Support the preparation of Working Group meetings in drafting the supporting documents and presentations, as well as minutes and addressing follow-up of actions;
- Contribute to the understanding of issues (eg actuarial, risk management related issues)
- Perform qualitative research and quantitative analysis;
- Other day-to-day duties as assigned under the supervision of the senior policy advisors.

Profile

- University studies in actuarial sciences and/or risk management;
- Very good analytical skills and proven ability to synthesise feedback;
- Active listener, skilled and efficient communicator;
- Able to work independently and in a team;
- Excellent analytical skills, experienced excel user;
- Excellent drafting skills.

Offer

This internship provides a great opportunity to gain valuable work experience in a stimulating international environment. You will have the possibility to participate in projects that will influence the European insurance industry over the coming years. Paid internship for a period of four to six months with potential to extend.

Contact
